Finally, new pavement markings and signage will be installed to delineate travel on the new roadway. - 01	1	CE	Done	1	0	4/7/2009	Yes

In order to avoid an existing cemetery, no pathway is proposed between Henderson Avenue and Broadway Avenue. 6302	Highway Infrastructure Investment	Massachusetts - 0025084 - 605122 - MEDFORD-IMPROVEMENTS & REALIGNMENT ON CLIPPERSHIP DRIVE - Clippership Drive is currently two lanes with a sweeping alignment that encourages excessive speeds near an elderly housing complex. The master plan for Medford Square proposes to reduce the roadway width on Clippership Drive by eliminating one lane and providing a parking lane. Sidewalks will be provided on both sides of Clippership Drive with granite curbing. The current project would also realign Clippership Drive away from the Mystic River to create more park space, while providing traffic calming near the elderly housing complex by removing the sweeping curve and introducing a stop condition on Clippership Drive. This alignment would also define development parcels along Clippership Drive. - 04	1	CE	Done	1	0	10/29/2008	Yes

A new 4-foot-wide flush, paved median will divide traffic in each direction and help reduce the potential for head-on collisions. Enhancements to the closed drainage system and the inclusion of storm water treatment best management practices are part of the project. The project also includes provisions for protected, designated left-turn lanes at major intersections and access points, including Maple Street, Charlesbank Road and driveway locations to the Newton Yacht Club, Daly Field/Daly Skating Rink and the new DCR Community Rowing House. New 3-foot wide outside shoulders are provided for additional safety and on-road bicycle accommodation. The plans include striped pedestrian crossings near major intersections; an expanded multi-use path with sitting areas and views of the river; an additional landscape buffer between the multi-use path and roadway; guard rail and fencing protection; and new ornamental, period lighting for the roadway and multi-use path. - 04	1	CE	Done	1	0	7/7/2009	Yes
