380	Community Development Fund, Recovery Act	YWCA windows - The Muncie YWCA is listed on the National Register of Historic Places and includes 41 sleeping rooms, 4 apartments, and common areas, such as laundry room, adult learning center with computers, a craft and study area, and a children's learning and play room. The Muncie YWCA is a member of the Homeless Provider Network and is the only facility in Muncie that provides emergency shelter 24 hours/7 days per week for women and children. The YWCA's existing 214 wood windows are leaky, and many no longer latch, resulting in significant infiltration. The existing storm windows are triple-track type and are deteriorated. The City will restore 141 wood windows, install 214 new storm windows, and weather strip. The project should greatly reduce energy usage and related costs for the facility while improving occupant comfort and safety. It will also eliminate the need for YWCA staff to spend hours taking temporary measures against energy loss, such as installing plastic window films. Since the building is listed on the National	1	CE	done	1		Yes

2641	Community Development Fund, Recovery Act	African-American Cultural and Heritage Facility - The creation of the African-American Cultural and Heritage Facility was a result of the COA African-American Quality of Life Initiative and in November 2006 Austin voters confirmed support of the Cultural Facility in the bond election in an amount of \$1.5MM. This Facility is planned as the anchor facility for the newly established African-American Heritage District and is to house a Visitor's Bureau, Pro Arts Collective, Inc and Capital City African-American Chamber of Commerce. In May 2009, City Council approved an additional \$550,000 in stimulus funding from the U.S. Department of Housing and Urban Development (HUD). Proposed additional funding is included in the City's 2010-2011 Action Plan budget in the amount of \$2.2M. After public review of the conceptual design; documents are scheduled for completion September 2010. Environmental Tiered Review is underway and fund release for all activities with exception to rehab of historic structure is anticipated by December 27, 2010. Once building has been stabilized for human admittance, rehab drawings/specification will be completed and submitted to Texas Historic	1	EA	done	1		12/23/2010	Yes

2675	Community Development Fund, Recovery Act	Mercy Housing Shepherd Home - A 70 bed long-term transitional residential facility for homeless men & women working toward self-sufficiency & permanent housing, operated by Mercy Housing & Shelter Corp (MHSC) in Middletown on the campus of CVH since 1988. Necessary improvements have been postponed due to a lack of funding, including upgrading the kitchen, an area of just over 200 sq. feet in which 210 meals per day are prepared and cooked. The current kitchen lacks space & surfaces for adequate food preparation & for post-prep of cooked food. By utilizing an adjacent room, the work area will expand from 209 sf to a total of 489 sf and allow for separate food prep & cooking/post-prep areas - and more efficient, hygienic meal production. Improvements will benefit over 140 different homeless men & women during the 1st year and each year thereafter. Mercy's Director of Facilities planned the project in consultation with plumbing & electrical professionals, the Middletown Health Inspector and CVH authorities. - 112 Bow Lane, Middletown, CT	1	CE	done	1	12/1/2009	Yes	
2676	Public Housing Capital Fund, Recovery Act	Greene County ARRA Capital Fund Formula Grant - 201 units of Public Housing. Dwelling structures: Stabilize units/slab and footing. - South Prairie Ave, Eutaw, AL	1	CE	done	1		No

2727	Community Development Fund, Recovery Act	St. Vincent DePaul - St. Vincent DePaul Place operates the Soup Kitchen and the agency's administrative, outreach and housing support offices out of a facility at 617 Main Street. This facility is owned by the Diocese of Norwich but is maintained by St. Vincent DePaul Place. The Community Health Center (CHC) has a proposal to develop a new health care facility that would include their medical, mental health and dental clinics on a new site. If the CHC project is approved, CHC's medical facility at 625 Main Street would become vacant. St. Vincent DePaul Place would like to transfer the ownership of its current facility to CHC and receive title to the CHC medical facility. This project would be contingent upon the approval of the CHC proposal and sufficient funding to cover the costs of renovation and relocation. We would vacate the 617 Main Street building and move our programs off the Main Street site to the property in the rear. This project will involve transforming the current medical building into a soup kitchen, with refrigeration, pantry, and offices. St. Vincent DePaul Place does not have the funds available.	1	CE	done	1			No

2741	Community Development Fund, Recovery Act	Fries - Volunteer Fire Department Relocation Project - The Town of Fries is relocating the fire station as the cornerstone of the economic restructuring strategy the Town has developed. The revitalization strategy and Master Plan has been very community-driven and has the full support of the neighboring localities and the regional economic development entity. This strategy, which includes future revitalization efforts in the adjacent business district, centers upon heritage and ecotourism as the future for economic development for the Town. Development of these opportunities along the New River, with this site as a premiere outdoor recreation and business center, will help create a sustainable economic development anchor for the town and lead to a economic boost for the region by driving more visitors to this new destination. Revitalization of the site will provide a much needed boost for the Town and the region, a region that has been hard hit by the overall economic slowdown and by the closing of a number of manufacturing and textile-based industries that were once widespread through the area. The project is expected to create approximately 34 temporary jobs. - P.O. Box 452	1	EA	done	1	7/10/2009	Yes	
2742	Public Housing Capital Fund, Recovery Act	Window maintenance and replacement - The project will be the replacement of all 75 units in the Homestead Apartments and also one patio door. 3283	Public Housing Capital Fund, Recovery Act	Columbia Center Revitalization - The award of funds will allow the acceleration of the comprehensive Planned Unit Development of the Columbia Center public housing project. This plan has been gradually implemented since 2001 due to limited funding. Transformation activities include demolition and renovation of existing obsolete units, the construction of new duplex units within the development. The targeted public housing project, which original consisted of 400 units on 40 acres, was built in 1942 and meets the definition of physical distress housing. The existing unit structures have outlived their useful life and the floor plans are outdated and inefficient. There are serious deficiencies in the original design (including but not limited to accessibility, kitchens, bathrooms and mechanical, electrical and plumbing systems). There is obsolescence of major systems, both building and site. The funds will allow us to help redevelop this development that is distressed and a blighting influence on the surrounding community. The surrounding community is a stable and well functioning community with proximity to retail stores, two hospitals, a health clinic, numerous parks/recreation facilities, an	1	EA	done	1	12/7/2006	Yes

Staff will also provide construction management services to housing projects. - 50 W. Gay St, Columbus, OH	1	CE	done	1			No	

4488	Native American Housing Block Grant, Recovery Act	Pena Foundations Project - Mescalero Apache Housing Authority will rehabilitate 34 seriously substandard homes on the reservation that are occupied by low-income homeowners and tenants. The project focuses on an unusual and particularly severe housing problem faced by the tribe. The 123 units in the Pena subdivision were built into sloped grades and therefore portions of the house are supported by wood pilings, or vertical framing, lumber girders, or horizontal framing that are structurally unsound. This problem has also led to chronic (and costly) maintenance problems due to freezing of the plumbing lines that run in chases under the exposed crawl areas. Outline specifications, methodology, and costs have been calculated for foundation repairs based on an engineer's analysis of 15 houses. The work to be completed will include completing the drawings and specifications for structural repair, demolishing and removing the deteriorated lumber and construction of a new permanent concrete foundation, steel framing and concrete faced sheathing to enclose the open crawl area. In addition, the homes will meet HQS standards and the rehabilitation work will be completed as necessary to meet MAHA's goals.	1	EA	done	1	8/3/2010	Yes	
4489	Public Housing Capital Fund, Recovery Act	Housing Authority of the County of Cass ARRA Capital Fund Formula Grant - ARRA funding will be used for renovation, rehabilitation, repair, and management fees. - 9 Otto Turner Dr, Beardstown, IL	2	CE	done	2	11/24/2009	Yes

4766	Native American Housing Block Grant, Recovery Act	East Kapolei II - East Kapolei II is a 374 acre master planned community located in the Ewa Plains of Oahu that will yield approximately 1,000 single family homes, 1,300 multi-family rental units, an elementary school, a middle school, recreational parks and a community center when completed. Approximately 20% of infrastructure costs for the single family homes in East Kapolei II will be funded with Native Hawaiian Housing Block Grant or American Recovery and Reinvestment Act funds. Of the 1,000 East Kapolei II units, approximately 200 units will be reserved for NAHASDA eligible households. East Kapolei II is a multi-year, multi-increment development project and the ARRA funds will be focused on infrastructure improvements for East Kapolei II, increments B & C. House construction for East Kapolei II is expected to begin in 2011 and should run through 2017. The project's major types of activities are on and off site infrastructure construction, consultants, house construction loans or down payment assistance grants, self-help technical assistance, and utility fees. - Ewa, Oahu, Ewa, HI	1	EA	done	1	12/9/2009	Yes	
4767	Community Development Fund, Recovery Act	Housing Rehabilitation - Energy Efficiency Small Repair program, an extension of the Housing Rehabilitation Program, to assist Low to Mod Income homeowners through this small repair program. The program is under tiered review as sites are undetermined at this time; site-specific reviews will be conducted, completed prior to implementation of repair, and located per individual file. The City previously completed a tiered review under its 2008 plan housing rehabilitation program, strategy for unspecified sites for single family rehabilitation, with funding supported by its Community Development Block Grant (CDBG) funds. Upon a secondary review, the proposed CDBG-R program activities do not involve substantial changes in the nature, or extent of housing rehabilitation activities previously approved under the City of McKinney's CDBG Program and previously reviewed as a part of the referenced tiered review for unspecified sites. - 314 S. Chestnut Street, McKinney, TX	1	CE	done	1	12/30/2009	Yes	
4768	Native American Housing Block Grant, Recovery Act	Rehabilitate Homes - We have updated 17 homes so far in many areas, such as new roofs on older units, added porch coverings. Our senior center has had an elevator installed to ensure those in wheelchairs access to the basement for severe weather. We are also in the process of updating our boiler system on the senior center. Have plans to install 100 new programable thermostats in our rental units to help save energy. We are in an on going process of installing new humidistat fans in the bathrooms of many homes to help with ventilation and the prevention of mold issues as well as adding needed insulation to help reduce energy costs for the tenant. We have also completed and installed new energy efficient boilers in our singles apartments. - 3265 Indian Settlement Rd., Crandon, WI	1	CE	done	1		Yes	
4769	Community Development Fund, Recovery Act	City of Haleyville CDR-LR-09-053 - Rehabilitate street and drainage facilities. - 1901 11th Avenue, Haleyville, AL	1	CE	done	1		No	
4770	Community Development Fund, Recovery Act	Economic Development Tri-City Port District - Reconstruction and upgrade of a dry-bulk grain facility (Red Dock) located near Rock Road in Granite City to replace functionally-obsolete and potentially unsafe equipment. - 1635 W. 1st Street, Granite City, IL	1	CE	done	1		No	

4771	Public Housing Capital Fund, Recovery Act	Albright Terrace-Site Improvements - Replace concrete sidewalks, ADA ramping, Seal and stripe parking lot. - 129 Milan Avenue, Amherst, OH	1	CE	done	1			No	
4772	Community Development Fund, Recovery Act	Streetscape Improvements - Streetscape improvements which may include crosswalks, curbs, benches, planters, lighting, signage and trash receptacles. - 6th-7th at Northampton, Pine St., Easton, PA	1	CE	done	1		10/16/2009	Yes	
4773	Community Development Fund, Recovery Act	Roof/Envelope Program - The program will focus greatly on exterior repairs of existing occupied housing units. 4774	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	The Moorings - The project is a 200 unit multi-family apt complex. - 8491 Old Spanish Trail Road, Omsacola, FL	1	CE	done	1		6/2/2010	Yes	
4775	Community Development Fund, Recovery Act	Park East Road Reconstruction - The proposed activity involves the reconstruction of streets and roadways in the low to moderate income eligible Park East Neighborhood, Census Tract 608.00 and Block Groups 1, 5, and 6, all of which exceed the 51% low to moderate income requirement according to the 2000 Census. The Park East Neighborhood is the primary location associated with the City's Neighborhood Stabilization Program and has been hit particularly hard by foreclosures. The street reconstruction will ensure that the City's strategy of improving this neighborhood continues as does its commitment to assisting those most impacted by the recession. The state of the current street system in this neighborhood requires rehabilitation and over the years it has begun to deteriorate. With this activity, the City will invest in its current transportation system by improving the streets in the most impacted neighborhood in the City. The activity directly minimizes reductions in essential services, as roads are essential to all communities. The construction industry in Florida has been especially hard hit by the recent economic downturn. This much needed road reconstruction project will stimulate jobs in the	1	EA	done	1		5/7/2009	Yes

4780	Community Development Fund, Recovery Act	Lincoln Boulevard Reconstruction - The Lincoln Boulevard Reconstruction Project has been in the planning phase since 2004. The road length is approximately 1,900 linear feet and is a main East-West connector in the Village of Kenmore. The road links both Elmwood and Delaware Avenues and connects the main municipal building, the police station, and a neighborhood park. It has been considered a multi-year project under the regular CDBG program from 2004-2009. Funds have been allocated in each of those program years to help pay for the reconstruction of all new underground utilities, road resurfacing, sidewalks, and landscaping. The total estimated cost for the project is \$2.2M. Engineering for the project is complete and the bids have been received for the construction of the entire road length during 2009 and 2010 at a cost of \$1.7M. The total regular CDBG funds to be spent on the project equal \$1,083,819.78. CDBG-R funds equal \$101,024. The \$600,000 shortfall will be paid through municipal bonds. The economic impact of the CDBG-R funds may	1	EA	done	1	5/19/2009	Yes

4954	Community Development Fund, Recovery Act	City of Santa Maria Fire Station No. 3 Construction - The City's Fire Department provides all risk emergency services, as well as public education programs, fire prevention, and life safety measures to the City's residents. The City is divided geographically into fire management zones and each zone is assigned to a fire company officer. Each company officer is tasked with fostering positive working relationships with business and residential customers within their respective zones. This is accomplished through proactive contacts in a non-emergency atmosphere. These services support the Fire Department's mission of effectively preserving lives and protecting property. Based on the geographic expansion and new residential development that has occurred particularly in the northern area of the City over the last few years, the City's Fire Department has seen an increase in the number of calls for service in that area. In particular, in 2008 the northwest area had the highest call volume of all other areas with 3,530 calls (40 percent) of the total 8,841 calls for the entire City being from that area.	1	EA	done	1		4/16/2011	Yes

5081	Native American Housing Block Grant, Recovery Act	Oneida Tribe of Indians of Wisconsin Amendment Grant - This is an update on the 32 home stimulus grant for July 1, 2010-September 30, 2010. During these months we worked on 6 units and are currently workin on 1. We did one unit with metal roofing due to an emergency and the rest of the units work consis of insulating with foam: windows, box sills, interior basement walls. We foam all the penetrations in the attic to separate the attic from the living areas of the units. Change bathroom fans and ducting them to the outside. We have been starting to add dehumidifiers to the basements also. Energy efficient shower heads are being installed. We also change the smoke alarm to a carbon monoxide/smoke alarm combo throughout the house if it has not already been done. With work listed above we have 15 out of the 32 homes completed. In the three months we have 1558.75 man hours which totals \$36,858.64 in payroll and \$11,756.06 in materials and supplies. - Various sites within the Oneida Reservation boundaries, Oneida, WI	1	CE	done	1		No

5215	Community Development Fund, Recovery Act	34 Morton Avenue Rehabilitation Project - 34 Morton Avenue is an abandoned three story building with two residential units over a commercial storefront. It is emblematic of the two-block stretch of Morton Avenue, where over 50 percent of the buildings are abandoned, and of the South End, which contains many of the over 800 abandoned buildings in the City of Albany. The building was recently foreclosed upon by Albany County and transferred to the Albany Housing Authority as part of an ongoing effort to eliminate blight and stimulate reinvestment. Pursuant to the Capital South Plan, the Authority and its developer partner, Omni Housing Development, LLC, already have developed 52 units of affordable housing and anticipate funding for another 43 units, many of which will be in abandoned buildings on Morton Avenue. AHA and Omni intend to rehabilitate 34 Morton Avenue in a similar manner, using CDBG stimulus funding leveraged with other resources provided by the City, such as lead abatement, weatherization, and training funding. The project will be used as a demonstration project for utilizing residents from the local community (Section 21). In addition to two units of affordable housing, the project will also include a community center and a small business incubator.	1	CE	done	1	7/26/2010	Yes

5331	Public Housing Capital Fund, Recovery Act	~~Housing Authority of Savannah~~ Capital Fund Competitive Grant - Fred Wessels Homes - Reducing energy consumption in Fred Wessels Homes will focus on two primary areas: 1) Preventing the infiltration of undesired air and heat through improvements to the building envelope and 2) Reducing energy consumption of lighting, HVAC and water heating. To reduce infiltration of undesired air and heat, weatherization retrofits will include replacement of single pane glass windows with Low-E double pane insulated windows with foam sealing around the perimeter. Windows will have a U-value and solar heat gain coefficient (SHGC) of <0.35. Attic insulation will be increased to R-38 from existing conditions of roughly R-11 by blowing in low-emitting cellulose insulation over the existing fiberglass batts. Additionally, blower door testing will be performed to identify air leaks in the building envelope which will then be sealed with spray foam and/or low-VOC caulk. Energy conservation retrofits will include replacing the standard incandescent type lighting fixtures with compact fluorescent fixtures. This	1	EA	done	1	2/26/2010	Yes

5461	Community Development Fund, Recovery Act	Housing Market Analysis - The Housing Market Study would be a detailed analysis of the current housing stock and would identify needs for future housing. The study would also show how Baytown's available housing compares to other cities in the Houston metropolitan region. This type of analysis has never been conducted in Baytown. The Consolidated Plan includes a cursory review of housing based on out-dated census information, but a more in-depth study will provide a clear assessment of housing needs (single-family and multi-family), foreclosure trends, gaps in available housing market, and help identify opportunities for future housing development. Data gathered in such a study would also provide guidance to draft policies for housing and neighborhood redevelopment. As more federal funding is becoming available for neighborhood revitalization efforts, the Housing Market Study would help Baytown take advantage of these opportunities. The estimated budget will not exceed \$22,032. The required procurement process for consultant services would be used to secure this product as per 24 CFR 85.36. The use of CDBG-R funds for the Housing Market Study is consistent with:	1	CE	done	1	11/2/2009	Yes

5513	Public Housing Capital Fund, Recovery Act	Belding housing Commission 2009 ARRA Capital Fund Program - Repair and replacement of roofs at three elderly housing developments, encompassing 110 units. - 41 Belhaven Street, Belding, MI	1	CE	done	1		No	
5514	Community Development Fund, Recovery Act	Sidewalk and Alleyway Reconstruction Program - The Sidewalk and Alleyway Reconstruction Program would provide over 8,000 linear feet of infrastructure improvements in the CDBG target areas. The Public Works Department crews will survey the needs and determine the scope of work for each site. Based on preliminary surveys within the target areas, the Public Works Department estimates a budget of \$200,500. The use of CDBG-R funds are for materials only. The Public Works Department utilizes in-house labor to stretch the limited CDBG dollars and provide maximum improvements in the low to moderate income neighborhoods. The use of CDBG-R funds for sidewalk and alleyway reconstruction is consistent with Baytown's major five-year housing and community development needs and objectives, as identified in the current Consolidated Plan. This substantial amendment employs the listed priority of providing essential infrastructure improvements. Title XII of Division A and Section 1602 of ARRA states that grantees shall give priority to:	1	CE	done	1	11/2/2009	Yes	
5515	Native American Housing Block Grant, Recovery Act	'37 Act Modernization - Project will address health, safety, energy conservation, and weatherization issues. 5757	Public Housing Capital Fund, Recovery Act	Amory - Create a comprehensive services center for frail elders at its Amory Street Elderly/Disabled development. These CFRC funds coupled with \$203,136 of leveraged funds and \$1,976,200 of matched funds will enable BHA to renovate an existing 10,000 square foot community and office space into a full-service Center serving the needs of BHA frail elders and people with disabilities who are over the age of 55. The Center will be operated by Upham's Corner Health Center's Elder Service Plan-PACE (Program of All-inclusive Care for Elders) (UESP & PACE)-a community-based, comprehensive initiative providing medical, adult day health and supportive care for frail elders. The program allows elders to remain living independently in the community, rather than in a nursing home. As elder residents age, many face increasing need for coordinated, comprehensive supportive care while their physical and cognitive abilities and monetary resources are decreasing. Too many elders face unnecessary hospitalization, emergency room visits and permanent nursing home placement, when positive options such as the BHA-Upham's Corner PACE collaboration can help them continue to age in place. - 125 Amory Street, SE, Atlanta, GA 30316	1	EA	done	1	10/28/2009	Yes	
5758	Public Housing Capital Fund, Recovery Act	TX21S54950109 - Scattered Site-Replace Floor Tile in Vacant apartments-cook stoves-Doors-counter tops-refrigerators as needed-Tripping Hazards at Porches and Sidewalks-Handicap Ramps in Parking Areas. - 303 3rd Street, O'Donnell, TX	1	CE	done	1		No

5881	Community Development Fund, Recovery Act	HOPE House HVAC Upgrade - Hope House is owned and operated by Christian Ministries, Inc. and provides emergency housing for single women with children. During the 2008 heating season, Hope House had almost weekly service calls to repair the antiquated heating system. Although a local HVAC contractor donated his services to Christian Ministries, he estimated the market value to be \$5,000 in repairs to the existing system in the past year. When the furnace was not operating, Hope House used portable heaters, which is expensive and inefficient, and they often had to arrange alternate housing for Hope House residents because the temperature would drop below 50 degrees. This project will remove three existing furnaces and provide 2 new rooftop HVAC units and one high-efficiency furnace. Energy efficiency for the heating system will improve from 65% to 90%; cooling will improve from 8 SEER to 13 SEER. The building is located in the Emily Kimbrough Historic District, listed on the National Register of Historic Places.	1	CE	done	1			Yes	
5882	Public Housing Capital Fund, Recovery Act	Purchase of Edger & Weedeaters - Purchase of edger and weedeaters - 615 East Texas Drive, Anadarko, OK	1	CE	done	1			No

5920	Community Development Fund, Recovery Act	Lester Street Sidewalk Project - GOAL: Provide a safe walkway for residents on a main thoroughfare through the neighborhood. The street is a main stop for school busses and will provide added safety to school children. The installation of sidewalks, street crossings and removal of ADA impediments creates accessible connections to jobs and services in the neighborhood. New sidewalk construction consisting of curb, gutter and sidewalk along both sides of Lester Street from Russett Avenue to Crystal Avenue (approximately ½ mile). Environmental letters have been sent and responses are expected by June 1, 2009. Once the CDBG-R funds are made available, West Valley City Public Works will begin the project, and construction can be completed by November. The project includes the construction of curb, gutter and sidewalk along both sides of Lester Street (1585 West) from Russett Avenue (2830 South) to Crystal Avenue (2590 South). The project will provide a continuous sidewalk route, consisting of approximate quantities of 1605 LF of curb and gutter and 6-foot sidewalk. 12 ADA	1	CE	done	1			No	

5921	Community Development Fund, Recovery Act	Deconstruction Training Program - in an effort to recycle valuable building components as part of its CDBG- and NSP-funded demolition program, the City will implement a pilot program to train local contractors and laborers to deconstruct houses. Two training programs will be conducted: 1) Using CDBG and NSP clearance funds, the City will contract with an experienced deconstruction specialist with an existing curriculum to teach contractors the art of building deconstruction; 2) Using CDBG-R funds, a deconstruction specialist will teach formerly incarcerated and other low- and moderate-income persons the skills necessary to perform deconstruction work, thus improving marketability to contractors. Instruction will involve both classroom work and on-site, hands-on deconstruction of a blighted structure. The deconstruction training program will be developed in conjunction with Work One (the state's workforce development agency), the City's Weed and Seed/Community Corrections agency, Habitat for Humanity, and professional consultants who have expertise in building deconstruction and an established deconstruction training curriculum. 5944	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Kivel Manor - Kivel Manor is a building for seniors located in Phoenix, Arizona. The approximate 4.0-acre site is situated on the east side of North 36th Street, approximately 7 miles east of downtown Phoenix. The overall site has 3 buildings remaining as Kivel Campus of Care, including Kivel Manor, which is the only building addressed in this report. Kivel Manor East and Kivel Manor West have been reviewed on other GRPCA reports. The adjacent nursing home area has been sold and is being torn down at this time. Kivel Manor includes two 4-story buildings with a one story attached common area between the two buildings. It should be noted that the two 4 story buildings are called East and West wings. A total of 120 apartment units are provided. In 2005 the building had extensive renovations completed, which modified 30 existing units to make them Assisted Living compliant Units. The Assisted Living units are all located on floors one and two in the west wing. In 2005 these two floors and common areas had asbestos abatement and had a fire sprinkler system installed during the renovations. The remaining	1	CE	done	1	6/30/2010	Yes

5957	Public Housing Capital Fund, Recovery Act	Baxter Park - The first phase of this development will be comprised of 90 mixed income rental units on 3.5 acres, to include 32 public housing units. The new Baxter Park plan includes a mixed use, mixed income neighborhood that vigorously connects to the surrounding assets of the area: Washington Park and the historic James Street District to the east, New Jersey Institute of Technology to the south, and the future development of Orange Street to the north. The central vision of the rejuvenated Baxter Terrace is the creation of a grand outdoor space at the heart of the new neighborhood. The new Baxter Park will give residents and visitors a recognizable and memorable open space with a variety of activities on paved and natural surfaces. The Park will bring a diverse population together in a grand and gracious public outdoor room. The central north/south spine of the Park is designed as a promenade with benches and central water feature that flank broad walking paths. This axis aligns with the pedestrian gateway to New Jersey Institute of Technology across Central Avenue and plugs into their public green adjacent to their student center. The cross axis, east/west, aligns with the historic James Street District and	1	EA	done	1		8/28/2008	Yes

6469	Community Development Fund, Recovery Act	FIND Regional Food Distribution Center - CDBG-R funds will be used by the County and its sub-recipient, FIND Food Bank, Inc., a non-profit organization, for improvements and upgrades to FIND's 36,000 square foot regional food distribution center located in Indio, CA. Improvements include the construction/installation of fixed racking, in-ground scales, and other facility upgrades. The upgrades to this new facility will provide FIND with modern, energy efficient, and properly designed food distribution center that serves other non-profits, shelters, food banks, and other emergency food centers throughout eastern Riverside County. The new facility is located in close proximity to Interstate 10 allowing for greater access; the in-ground scales will expedite the weighing and distributing of food supplies; and the new layout and racking systems will significantly improve inventory control, safety, and product flow. - 83-775 Citrus Avenue, Indio, CA	1	EA	done	1	10/10/2009	Yes	
6470	Community Development Fund, Recovery Act	Home Gardens Community Sidewalk & Pedestrian Safety Improvements - CDBG-R funds will be used by the County of Riverside to pay for costs associated with the design, engineering, and construction of approximately 3,000 lineal feet of sidewalk, ADA accessibility, curb, gutter, and ancillary improvements to portions of Indiana Ave, Neece Street, and Brotherton Street in the unincorporated community of Home Gardens. The improvements will benefit an established residential area that has a low/moderate-income percentage of nearly 70%. These improvements will provide immediate benefits to pedestrians, disabled persons, and motorists in this portion of Home Gardens. The improvements will provide secondary benefits including managed drainage and storm water runoff, PM10 (dust) mitigation, vehicle parking, and increased property values. This project has been selected for CDBG-R funding because it is anticipated that the activities can be started and completed expeditiously. It is expected that work can be initiated within 120 days of the date that the CDBG-R funds area made available to the County. However, there will be some factors that may delay the project implementation including	1	CE	done	1	9/9/2009	Yes
