6697	Home Investment Partnership Program, Recovery Act	House to Home - House to Home is a single-family affordable rental housing development consisting of 20 homes located in the central core of Kansas City, Wyandotte County. Each home will have three bedrooms (1,300 square feet) and will include standard amenities. In addition, tenants will be provided home maintenance, homeowner ownership and financial literacy classes to enable them to eventually become homeowners. The homes will be built on multiple sites located in an area bounded by Orville on the north, 10th on the east, Central on the south and the alley between Valley and Thorpe, Kansas City, Kansas (Census Tract: 421). The homes will be built on vacant infill parcels. The existing conditions of the project area are single-family homes, a commercial corridor on Central and a Medical Office building in the middle. Most of the single-family homes are deteriorating and are surrounded by vacant pieces of land. The majority of the land is held in the Land Bank. If the area were to continue without the project, it would just become older.	1	EA	done	1	10/8/2009	Yes	
6698	Home Investment Partnership Program, Recovery Act	McKinley Housing - McKinley Housing will consist of two areas of construction. The first portion will be in the northern area of the city and will consist of two and three bedroom duplexes. The second portion will be in the southeast area of town and with consist of 1 and 2 bedroom duplexes and triplexes. The northern area is a vacant lot, formerly owned by the School District. The surrounding area is residential in nature, made up of pre-WWII housing. The southeastern area is vacant lots that were previously residential housing. The neighborhood is a mix of single, duplex and triplex housing, with approximately 22 HOME-assisted rental scattered throughout. The proposed development is also HOME funded. KHRC completed the Part 58 review in December 2008 and HUD issue release in January 2009. - 13th and Sycamore and the Aganipe Park Area, Independence, KS	1	EA	done	1	1/26/2009	Yes

6731	Home Investment Partnership Program, Recovery Act	Homestead Senior Residences - The proposed project is the development of a 32-unit apartment complex for elderly households. The units will be housed in eight, single-story garden style buildings. There will be six one-bedroom units and 26 two-bedroom units ranging from 600 - 1,010 square feet. Amenities will include a community building with exercise equipment and free high speed internet computer center, library, community kitchen, outdoor covered seating with benches, green area with paved walking paths, security landscaping, gazebo, washer and dryer hook-ups in units, garden area and emergency call system. Supportive services to be provided include: Monthly health checks and consultation, credit counseling, identity theft and recovery counseling and a resident council. The subject site is approximately 3.77 acres of undeveloped land and includes the SE, SE and NW lots in the Kaw Valley Park Circle cul-de-sac in Wamego. The site has been used for agricultural purposes, but is clearly within the urbanized area.	1	EA	done	1		12/31/2008	Yes

6867	Home Investment Partnership Program, Recovery Act	Hilltop Terrace - The Hilltop Apartments are an Acquisition / Rehabilitation of an existing 39 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The new community building will be flanked by an entry plaza and basketball court. The expanded space will house a new managers unit, laundry facilities, leasing office and space for social services including recreation room with computer access for tenants use. The end result will be a more visually appealing, accessible and sustainable development.	1	CE	done	1		No	
6868	Home Investment Partnership Program, Recovery Act	Eastman Apartments - The Eastman Apartments are an acquisition / rehabilitation of an existing 40 unit affordable housing development in Valencia County (2009 High Priority Geographic Area). The last rehabilitation was undertaken in 1988 as a Section 42 Low Income Housing Tax Credit. The project is in great need of capital improvements and presents an important preservation opportunity given that the existing 15 year compliance period expired in 2003. The developers are working with the architect (Autotroph) to provide more than a face lift through Enterprise Green improvements and improved curb appeal. The unit improvements will decrease utility costs and improve livability. Common areas will be expanded from a small laundry area and dilapidated playground structure through construction of a new community building. The structure will be built on an adjoining parcel and will include offices for the social programs, modern laundry facilities and expanded recreation room with computers for tenant use, leasing offices along with a new manager's unit. The existing manager unit will be gutted and converted into a 3 bedroom unit.	1	CE	done	1		No	
6869	Home Investment Partnership Program, Recovery Act	La Pradera Apartments - La Pradera, a project in NE Hobbs was awarded points under Tax Credit Design Competition. The developers have invested considerable time, effort and funds to involve the community to develop and affordable housing community to help alleviate the severe housing shortage for low to moderate income families in Hobbs. La Pradera has developed a comprehensive social service plan for households with children including on-site childcare, financial/computer/job training/gardening seminars. Each unit will contain a private courtyard to allow safe play outside by young children and allow supervision. The developer has been working with the city to connect the school campus by extending the city's street grid and include a walking trail. The site will originate east to west to maximize solar gain. La Pradera intends to receive LEED for Homes Silver or greater. Nearly 1.6 acres will be set aside for native grassland open space. Landscaping will utilize native drought resistant plants, shrubs, ground cover and trees. There will be one (6), two (36) & three (18) bedrooms with 744 sq ft, 885 sq ft & 1,157 sq ft respectively. Net rents will range from \$383 to \$936 per month. All	1	EA	done	1	9/20/2009	Yes

7014	Community Development Fund, Recovery Act	46th Avenue Street Improvements - The purpose of the proposed 46th Avenue Street Improvements project is to make improvements to an existing city street in order to provide efficient traffic movement between 28th Street and the newly constructed 28th Street Elementary School. Project involves widening the existing road to 22 feet. Since a certain portion of the existing street is out of the city right-of-way, some existing sections will be demolished or abandoned and a new road section will be constructed in the right-of-way. The project limits include the entire length of 46th Ave, north from 28th St to end of the road (approximately 2100 linear feet) and a portion of 31st St in front of the school (approximately 400 ft). The existing roadway is 18 foot wide asphalt paved 2-lane facility not suitable for school bus traffic. The upgrade to the roads includes widening to achieve 22 feet, two-lane facility and improving the drainage system to city standards - 46th Avenue (between 28th St and 31st St), Gulfport, MS	1	EA	done	1		9/30/2009	Yes	
7015	Native American Housing Block Grant, Recovery Act	Rehabilitation of Homes - Replaced furnaces and performed electrical upgrades for energy efficiency of 10 low-income tribal member homes located in the Native Village of Eklutna. - 26339 Eklutna Village Road, Chugiak, AK	1	CE	done	1			No	
7016	Community Development Fund, Recovery Act	LED Traffic Light Lens Replacement - This Public Works project would fund the conversion of the City of Norfolk's traffic signals from incandescent light bulbs to brighter, energy saving Light Emitting Diodes (LED). Our project proposes the replacement of all of the incandescent signal indications to include signal blank-out signs and pedestrian signal indications. The City has 286 signalized intersections, a total number of signal lenses of 10,000, and approximately 35% of conversions completed to date. Benefits to LED signal indications: 1) Increased safety to motorists and signal personnel. 2) Reduction of traffic congestion. 3) Reduced air pollution from electric generation. 4) Reduced electricity costs to City and taxpayers. - Low/Mod census tract intersections, Norfolk, VA	1	CE	done	1			No	

7017	Community Development Fund, Recovery Act	Dorr Street Infrastructure - This project involves the Dorrr Street infrastructure improvement to enhance entry into the Dorrr Steet Corridor and make it more attractive for development of adjacent parcels. 7372	Home Investment Partnership Program, Recovery Act	Madison Plaza Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Madison Plaza (the "Project"). The Project involves the acquisition and rehabilitation of a residential rental development, known as Madison Plaza, consisting of 127 units, located at 100 North Madison Street, Rome, New York. Madison Plaza consists of one seven-story residential building for family tenants on a 2.59 acre lot. The building is an existing Mitchell Lama project built in 1973, under HUD's Section 236 program. The project includes 29 efficiency apartments, 48 one-bedroom units and 50 two-bedroom units and includes 102 parking spaces. One, one-bedroom unit is reserved for the project superintendent. The first floor of the building contains a lobby, laundry room, community room, mechanical and storage rooms. The Borrower proposes a substantial rehabilitation to be undertaken with tenants in place. The proposed scope of work consists of facade repair, site-work, new windows, new doors, common area upgrades, kitchen and	1	CE	done	1	8/27/2009	Yes

7979	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Le Chateau North - The subject development is a 42-unit senior housing project on a 1.93-acre site. The project consists of one (1) three-story apartment building of 14 units per floor. The building is a controlled access facility with a rental office, community room, community kitchen, public restrooms, mechanical room, trash room and resident laundry on the first floor. The building is a wood-framed structure with a concrete slab-on-grade foundation, asphalt composition shingle roof and full brick exterior. - 1250 Chouteau Avenue, Saint Louis, MO	1	CE	done	1		6/18/2010	Yes	
7980	Home Investment Partnership Program, Recovery Act	Claiborne Square Apartments - A senior housing community located in Petersburg that will provide 47 apartments to low income seniors in two buildings. The main building will be 3 stories and house 43 apartments while the annex will provide 4 units in a one story building. This community will provide senior health and wellness services to its residents and will be EarthCraft certified. - 506 Halifax Street, Petersburg, VA	1	EA	done	1		2/24/2010	Yes	
7981	Home Investment Partnership Program, Recovery Act	Kemble Square - Housing Visions Consultants, Inc. proposes to substantially rehabilitate 6 buildings and construct 2 buildings on 8 individual lots to create 37 units of affordable housing for families in the City of Utica, Oneida County. The scattered site project called Kemble Square is in the Cornhill neighborhood of Utica. The design and construction of the project will follow the NYS Division of Housing and Community Renewal's guidelines for the Green Energy Efficiency Building Initiative. Public water and sewer are available at the sites. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. - 1221 & 1229, 1444 and 1450 Kemble Street; 108 and 110 Hobart Street; 722 & 724 and 726 & 728 Noyes Street, City of Utica, NY	1	EA	done	1		12/9/2009	Yes	
7982	Home Investment Partnership Program, Recovery Act	Orcutt Townhomes III - Orcutt Townhomes Phase III is the continuation of the redevelopment of the former Orcutt Homes public housing project. Previously the developer, the Newport News Redevelopment and Housing Authority has replaced over 100 units of public housing with the Ashe Manor midrise, consisting of 50 units for elderly and disabled households; and Orcutt Townhomes Phase II, consisting of 40 units for families. Orcutt Townhomes Phase III will feature 30 units for families in two and three-bedroom townhouse duplexes and garden style apartments. The developer will utilize the principles of universal design to the greatest extent possible and will incorporate green building techniques enabling the project to receive Earthcraft Virginia certification. The rents for every unit will be paid from the NNRHA's Annual Contributions Contract and as a mixed-finance project there will be no hard ebt service, therefore our debt service coverage ratio, and annual increases in revenues and expenses appear to be outside of VHDA's standards. - 3200 & 3500 Blocks of Orcutt Avenue and 1000 Block of 22nd, 22nd, 25th, 26th and 27th Streets	1	EA	done	1		12/22/2009	Yes	

7983	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	The Timbers - The multi-family elderly/handicapped property has fifteen, single-story apartment buildings containing a total of 100 rental apartment units. The completion of installation of 396 windows in 78 units and completion of replacement of 24 sets of cabinets for 24 units. - 2101 W Grand Avenue, Clovis, NM	1	CE	done	1		3/30/2009	Yes	
8201	Home Investment Partnership Program, Recovery Act	Selfhelp Kissena I and II Apartments - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Selfhelp Kissena I and II Apartments (the Project). The Project consists of the acquisition and rehabilitation of a 424 unit senior housing Mitchell-Lama development located at 45-25 Kissena Boulevard (Kissena I) and 137-45 45th Avenue (Kissena II), Queens County, New York. Kissena I is an existing Mitchell-Lama financed senior housing project. Built in 1969, it contains 135 apartments in a 12-story building on an approximate 1.32 acre site. Amenities include 13 above ground parking spaces, a computer lab, a library, a dining room, a community room, a laundry room and several landscaped areas. The Project is connected to an adjacent senior center operated by Selfhelp which provides various programs and meals for eligible seniors. These programs are supported by the City of New York Department for the Aging. The services of the senior center are available to the residents for a nominal fee. The building also includes offices for the Senior Services provided to the Queens.	1	EA	done	1		8/26/2009	Yes	
8202	Native American Housing Block Grant, Recovery Act	Chignik Lagoon Sub Rehab - Purchase and install energy efficient windows, doors, roof, siding, insulate and seal all weatherization - Lot 5 Block 4, Chignik Lagoon, AK	1	CE	done	1			No	
8203	Native American Housing Block Grant, Recovery Act	Houstin Johnson Heights - Increase attic insulation in 30 units. Repair streets throughout site. - 6th Avenue, Warner, OK	1	CE	done	1		3/11/2009	Yes	
8204	Home Investment Partnership Program, Recovery Act	Nelson Hopkins Apartments - Elizabeth Pierce Olmstead MD Center for the Visually Impaired proposes new construction of a 2-story building with 24 units for special needs persons on a vacant 2.2 acre site known as Lot 10 on Davison Road within the Ulrich Business Park in the Town of Lockport, Niagara County. The slab-on-grade building will include an elevator, office, community room and laundry services. The design and construction of the project will follow the NYS Division of Housing and Community Renewal's guidelines for the Green Building and Energy Efficiency Initiative. Public water and sewer are available at the site. Site work will include clearing, grading and excavation, construction of driveways, parking areas and sidewalks, finish grading and landscaping. - 10 on Davison Road within the Ulrich Business Park, Lockport, NY	1	EA	done	1		8/11/2009	Yes	
8205	Native American Housing Block Grant, Recovery Act	Jack Brown Heights - Replace kitchen cabinets and hardware in 40 units - Nola Street, Tahlequah, OK	1	CE	done	1		3/25/2009	Yes	
8206	Public Housing Capital Fund, Recovery Act	Replace windows in units and common areas - Replace windows at our 3-story Schwartz Manor Lo- Rise in the common areas and in 42 apartments - 111 North 10th Street, Hannibal, MO	1	EA	done	1		7/7/2009	Yes	

8207	Home Investment Partnership Program, Recovery Act	Grant Park Apartments - The proposed Grant Park Apartments Project is part of the Mulford Gardens HOPE VI Revitalization Plan which received funds from the U.S Department of Housing and Urban Development (HUD) in 2006 for the demolition of the existing Mulford Gardens and revitalization of the project area. The Mulford Gardens HOPE VI Revitalization Plan was developed in conjunction with the Ashburton Avenue Master Plan and Urban Renewal Plan. The proposed project will also receive HUD HOPE IV funding. The Project site is two parcels located at 1 Loehr Place and 9 Vineyard Avenue. The Project includes construction of four, 3- and 4-story rental apartment buildings and a single story community facility located at 1 Loehr Place and 9 Vineyard Avenue. The five building complex will include elevators and laundry facilities in each residential building. The community building will include the management office, maintenance office, exercise room, business center and a community room. There will be 100 on-grade parking spaces available for tenants and visitors. <i>Pursuant to the National Environmental Policy</i>	1	EA	done	1		10/7/2009	Yes	
8208	Native American Housing Block Grant, Recovery Act	Chilkoot Estates, ARRA IHBG - The Recovery Act Funds will be used to supplement ICDBG funding that the Tribe is using to construct four low-to-moderate-income rental units within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The four-plex will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 3,600 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2, Block 3, Haines, AK	1	CE	done	1		12/4/2007	Yes	
8209	Native American Housing Block Grant, Recovery Act	Twin Hills Sub Rehab - Purchase and install Windows and Doors and insulation. - Lot 5a,9a,11a,2,1,3,7a Twin Hills Sub, Twin Hills, AK	1	CE	done	1			No	
8210	Home Investment Partnership Program, Recovery Act	Villa West Apts. - Villa West Apartments is a Preservation Project consisting of acquisition and rehabilitation of 48 units with Section 8 site based rental assistance. Funds will be used to keep the project affordable and available to low income families. - 201 SW Agee Street, McMinnville, OR	1	CE	done	1		9/15/2009	Yes	
8211	Native American Housing Block Grant, Recovery Act	Clarks Point Sub Rehab - Energy Rehab of 1 unit, installing doors, windows, monitor heater, inside wall panels, efficient hot water heater - USS 4992, Track B, Lot 6, Clarks Point, AK	1	CE	done	1			No	
8212	Native American Housing Block Grant, Recovery Act	Ekuk Sub Rehab - Purchase and Install TOYO Heaters - P.O. Box 530, Dillingham, AK	1	CE	done	1			No	
8213	Native American Housing Block Grant, Recovery Act	King Salmon Sub Rehab - Energy efficient heater installs to 4 units - Lots 1, 2, 4, Block 2, Bristol Sub, NA, King Salmon, AK	1	CE	done	1			No	

8214	Native American Housing Block Grant, Recovery Act	Low Income Housing Construction - The Tribe is constructing four low-to-moderate-income rental units and three single family houses within the Haines Borough. This project clearly enhances the community's viability by reducing the number of families living in substandard housing by making four affordable rental units available. The project will result in an increase in affordable and decent rental units. This will reduce the number of families waiting for affordable housing who currently live in either substandard rental units or overcrowded homes because they are forced to stay in the home of their parents. The subdivision will be constructed on the Tribe's land less than one-tenth of a mile from downtown Haines. This allows the occupants easy access to the town's infrastructure: post office, grocery store, and schools. The four-plex will be 4,050 square feet in size and contain four two-bedroom apartments, the size with the highest demand, and an onsite laundry facility. - Lot 2 Block 3, Haines, AK	1	EA	done	1		3/21/2008	Yes	
8215	Community Development Fund, Recovery Act	ARRA ICDBG Rehabilitation Project - ARRA ICDBG funding will be used to leverage the existing rehabilitation funds allowing the Tribe to rehabilitate twice the number of homes anticipated (total homes will be 35). Rehabilitation focuses on health and safety issues with a priority given for handicapped and elderly. - Varied, Haines, AK	1	CE	done	1		6/17/2009	Yes

8230	Home Investment Partnership Program, Recovery Act	Stonewood Village - Funding from HUD's Tax Credit Assistance Program (TCAP) is being sought in connection with a project known as Stonewood Village (the "Project"). The Project consists of the acquisition and rehabilitation of a 188 unit multifamily rental development located at 200 Myrtlewood Drive (also known as 3410 East Henrietta Road) in Henrietta, Monroe County, New York. The Project is the combination of 31 townhomes for low-income families (which each contain 4 three-bedroom apartments) and two, 2-story apartment buildings which each contain 31, one-bedroom apartments for tenants who are elderly and/or have disabilities. Two additional units are currently used as community and office space and are not revenue producing. 100% of the revenue-generating units, or 187 units, are expected to be set aside for tenants with incomes at or below 60% of the Area Medium Income ("AMI") for the Rochester, NY MSA, adjusted for family size. The rehabilitation will create a community room and a connection between the two apartment	1	EA	done	1		8/7/2009	Yes	

8231	Community Development Fund, Recovery Act	State Street and Big Tree Road Waterline Project - The Town of Hamburg through its Department of Community Development and in conjunction with its Engineering Department replaced 6" waterlines on State Street and Big Tree Road with new 8" water lines. The project will improve water-flow, water quality and fire protection to a low/mod income neighborhood. This project will also create temporary jobs for the company who bids lowest for this project. This project will assist in preserving and creating jobs and promoting economic recovery. Also, this project will be investing in infrastructure that will provide long-term economic benefit. This project will promote energy conservation by replacing older, leaking, inefficient 6" water line with a new 8" water line that will eliminat leakage, thus conserving water and increasing water pressure within this neighborhood. - State Street and Big Tree Road, Blasdell, NY	1	CE	done	1	6/3/2009	Yes	
8232	Native American Housing Block Grant, Recovery Act	Native American Housing Block Grants (Competitive) Recovery Act Funded - Construction of 10 Single family homes and infrastructure - Iowa Tribe Reservation, White Cloud, KS	1	CE	done	1	6/23/2009	Yes	
8233	Home Investment Partnership Program, Recovery Act	Indian Creek Court - Indian Creek Court is a preservation Project consisting of acquisition and rehabilitation of 48 units with site based Section 8 rental assistance. Funds will be used keep units affordable and available to low income families. - 1615 9th Court, Hood River, OR	1	CE	done	1	9/15/2009	Yes

8717	Public Housing Capital Fund, Recovery Act	vinyl carports - This project included replacing existing carports in 100 units at scattered sites in Oxnard with new vinyl carports. Project included adding new carports per plans where permitted and adding motion light detectors on all carports. Also repairing some poles and cutting out some other poles per plans. And painting the entire carports. Project was awarded on 2/9/2010. Precon was held on 3/18/2010. Contractor applied for permit on 4/12/2010 and plans were approved on 9/15/10. City required that fire sprinkler system be installed on the carports. Contractor worked with the City and modified plans and upgraded the carport system patent to the required class B and satisfied fire sprinkler exemption for the project. City required removal of few carports in order to exempt us from fire sprinkler system requirement. The scope of work was reduced and a credit change order applied to the contract. Construction started on 9/27/10 and completed on 11/19/2010. Note that this project used both ARRA funds and Capital funds. The ARRA portion of the project is 100% complete now. - 640-666 Cuesta Del Mar, 1341-1387 Althea Court, 230-257 Fashion Park Place, Oxnard, CA	1	CE	done	1	6/18/2009	Yes

8914	Community Development Fund, Recovery Act	Bartolo Square North Improvement Project Phase I - The Bartolo Square North Neighborhood Street Improvement Project involves the construction and installment of a new polyvinyl chloride (PVC) 8½ water main pipe lines to replace existing 8½ cast iron pipes that are corroded. Due to the corrosion, water main breaks and leaks occur frequently. These leaks and breaks affect water quality and pressure as well as increase the potential for contamination of the drinking water system. The reduced water pressure affects fireline service to the area in the event of an emergency, but most significantly, main breaks result in a loss of potable water to the residents. The new proposed PVC water main pipe line is an industrial standard that prevents corrosion and has a greater useful life as compared to the cast iron pipe. PVC water pipe lines will provide residents with improved quality of potable water, improved water distribution and improved fireline service. The new water main pipe lines comprise of 6,796 linear feet and will be constructed and installed on Hill Street from Ventura Road to 2½ Street (2,200 linear feet) on 2½ Street from Wooley Road to Hamlock Street (2,796 linear feet) and on	1	CE	done	1		No

9287	Native American Housing Block Grant, Recovery Act	The settlement - The project is the development of nine single family homes for the Tribe's elders. All homes are green construction and built on a 36-acre parcel located in Wayland Twp., MI., on 128th Ave. To meet the elders' needs, the homes are a mixture of barrier free and general floor plans. Holland Engineering, Inc. was selected as a result of the Request for Proposals (RFP), which solicited engineers. Holland and the Committee overseeing the project addressed site plans and the steps necessary for approval from the local township. During this reporting period, the following items within Holland's scope of work were completed: surveying, development of a site plan, street design, and geotechnical assessment. Plans for the utility layout and development of a storm water management plan have been initiated. The Wayland Township Planning Commission held their preliminary review of the Tribe's rezoning request. Substantial time was spent preparing a Request for Qualifications (RFQ) for general contractors. Important factors in the RFQ were relevant.	1	EA	done	1	8/25/2010	Yes

9680	Community Development Fund, Recovery Act	Tinian Infrastructure Improvement - Investing in environmental protection that will provide long-term economic benefits. The project is located in the village of San Jose on the island of Tinian. CDBG-R funds will be used to construct an infiltration system on the site. The infiltration system is a system that collects run-off water from a storm. An infiltration system (usually 3-12 ft.), provides total peak discharge, runoff volume and water quality control for all storm events equal or less to the specific design storm. The infiltration reduces the volume of runoff, removes many pollutants, provides stream base flow and groundwater recharge. The description of an infiltration system was found at www.metrocouncil.org/environment/watershed . The project focuses on environmental protection and would be necessary on-site in order for the residents of Tinian to maximize the use of the public facility. CNMI estimates that 8 construction jobs will be preserved or created promoting economic recovery in the construction industry. - San Jose Village, Tinian, MP	1	CE	done	1		2/3/2010	Yes	
9681	Community Development Fund, Recovery Act	Sinapalo Elementary School Public Facility - Preserving and creating jobs and promoting economic recovery. The project is to rehabilitate the Sinapalo Elementary School Public Facility in order to maintain a safe and decent environment for the students and faculty of the school. The project includes the rehabilitation of the faculty building, the school library, school cafeteria, and a total of (16) classrooms. The absence of the project may pose as a hazard to the residents and result in a closure of the school. As such, the project will retain 25 jobs for the faculty and staff of Sinapalo Elementary School and create 10 temporary jobs for contractors/construction workers. - Sinapalo, Rota, MP	1	CE	done	1		6/2/2010	Yes

10240	Home Investment Partnership Program, Recovery Act	Wilart Arms Apartments - The Wilart Arms Apartments is an existing affordable housing apartment community. This project is going to provide needed funding to address deferred maintenance, address asbestos and lead safety issues and modernize the complex. A primary focus of the work will be to improve the quality of housing for the residents of this building, and the community at large. A major consideration for the scope of the project is to reduce the density of housing units on the site, from the current 100 units to a proposed 66 units in addition to improving the parking and exterior condition of the building. This work will improve the viability of the property over the long term, and the quality of life for the residents and the surrounding neighbors. This reduction in the number of units will allow for a change in the unit mix of the building. Currently, all of the units are one & bedroom units, and the renovation will provide the space to incorporate a good mix of two and three bedroom units. This change will allow for more families to reside in the property as opposed to primarily being occupied by single individuals. - 1797 Wilart Drive, Louisville, KY	1	EA	done	1		12/23/2009	Yes	
10241	Public Housing Capital Fund, Recovery Act	Public Housing Capital Fund Stimulus (Formula) Recovery Act Funded - The ARRA funds are for capital improvements of the dwelling structures. 10369	Community Development Fund, Recovery Act	Solar Tubes for Park Restrooms - Due to roof warranty restrictions were unable to proceed with this project. Funding will be reallocated to one of the other HUD approved projects. The initial plan for the solar tubes for restrooms project is below. The project is for the installation of solar tubes in all applicable park restrooms. A solar tube provides light like a skylight, but doesn't require major structural changes which makes this a cost effective alternative to improving energy efficiency. Solar tubes eliminate the use of fluorescent lighting during daylight hours. The concept of solar tube lighting is to reduce energy consumption by installing solar tubes in the restroom roof tops. This natural light source provides the bulk of the lighting requirements as most of our parks are open from dawn to dusk. During periods of low light a photo cell and timer will cut florescent auxiliary lights on and off as needed. Savings in excess of 30% can be expected. - Multiple parks in low/mod census tract areas, Norfolk, VA	1	CE	done	1		Yes	
10370	Community Development Fund, Recovery Act	Chesapeake Heights Community Resource Center - Second Chances was established in 1999, as a partnership between the City of Norfolk, Virginia and The STOP Organization to address the growing need for re-entry programs for ex-offenders. Second Chances is proposing to utilize the facility formerly known as Stan Hope House located at 2715 Stanhope Avenue as a permanent supportive housing facility for non violent, formerly incarcerated women who may be homeless or imminently homeless women offenders returning to Norfolk from incarceration. Funding would be used to rehabilitate the Stan Hope House for energy efficient upgrades by replacing the HVAC systems, windows and doors. The facility was previously used as a youth group home and housed as many as 32 youth offenders in 8 rooms using a formula of 4 persons per room. Second Chances is seeking to place two persons per room in a shared room type concept to include the added benefit of supportive services on sight and a rent structure that charges a maximum of 30% of income for each resident. In addition, Second Chances proposes to establish a Community Relations Advisory	1	CE	done	1	5/27/2010	Yes

10385	Community Development Fund, Recovery Act	1094PR-R18-08 Town of Southport - The Town of Southport will use \$1,245,000 in CDBG-R funding to extend public sewer service to the Budd/Kinyon Street area. The project would include installation of 7,024 linear feet of an 8½ gravity sewer, 768 feet of a 4½ force main, pump station construction, and 31 new manholes. To help reduce the cost of connections for LMI residents, the Town also intends to provide lateral assistance to 48 households. The total cost of the project is estimated at \$1,495,000. The Town has secured \$150,000 from the Appalachian Regional Commission and \$100,000 through a Senate member item. The completed project would benefit 407 persons in the target area, 220 (54.1%) of whom are low-to-moderate income. - Adams, Budd, Fred, Kinyon, Ralph and S. 11144	Home Investment Partnership Program, Recovery Act	Historic Bastrop High School - The AAAA Tax Credit Assistance Program (TCAP) provided critical funding for the conversion of a derelict, but historic building-the Historic Bastrop High School- into 76 units of housing for the elderly. The Louisiana Housing Finance Agency awarded the project \$1,000,000.00 in TCAP funding, and an additional \$800,00.00 in Tax Credits. Additional funding included HUD Hope VI, HOME, 1602 Exchange, HUD Main Street, State and Federal Historic Tax Credits, and \$4 million in private tax credit equity. The TCAP assistance allowed the private developer, 715 S. Washington Street, LLC to close the gap on a total project cost of \$13 million. The project converts a public nuisance into a project that supports the Bastrop Main Street downtown redevelopment plan. The National Historic Register building had deteriorated since it was replaced by newer school facilities. The environmental review identified numerous issues with the unsecured building. It had become structurally unstable, and had mud in the basement. Stop gap measures such as tarps and kiddie pools under Gibson Plaza Apts - The subject property consists of one 10 story apartment building constructed in 1972. The new supportive housing development would offer 76 studio apartments and one two bedroom unit for the building superintendent. The 76 studios would be rented to formerly homeless individuals with mental illnesses earning up to 60% of Area Median Income (AMI).The project includes approximately 3,000 square of residential common areas and space for the provision of social services, and a laundry room. The site is located on the northwest side of Courtlandt Avenue between East 162nd Street and East 163rd Street. The property covers approximately 6,852 square feet and is currently occupied by a vacant two-story warehouse. This vacant building would be demolished prior to the development of the new project. The lot is owned by the project sponsor, Courtlandt Community Housing Development Fund Corporation (an affiliate of Rhine House).	1	EA	done	1		5/19/2010	Yes

11497	Community Development Fund, Recovery Act	Lake Worth CRA Tier I Assessment - In February 2010, the Lake Worth Community Redevelopment Agency (CRA) was granted \$23.2 million as part of the Neighborhood Stabilization Program II (NSP II) Grant through the American Recovery and Reinvestment Act of 2009 (Recovery Act) to undertake a project to address home foreclosure and residential property abandonment. The boundaries of the funding area will be the Lake Worth CRA area and the total budget for the undertaking is \$23.2 million. The following activities will take place in the CRA area: Acquisition, Rehabilitation, Land Banking, Demolition, and New Construction. As required by NEPA, a Tier I environmental assessment of the CRA area was conducted. The assessment was conducted by Cardno TBE (a qualified environmental engineering and consulting firm) based in Tampa Florida. As a result of the assessment, the City of Lake Worth CRA has determined that the project will have no significant impact on the human environment. Therefore, an Environmental Impact Statement under the National Environmental Policy Act of 1969 (NEPA) is not required. This finding of No Significant Impact is	1	CE	done	1		2/1/2013	Yes

11769	Community Development Fund, Recovery Act	Pedestrian Access to Light Rail - Pedestrian access for Light Rail is proposed for the purpose of eliminating existing pedestrian barriers to the Light Rail Stations. The concept is to provide a barrier free, ADA-compliant corridor based on a twenty minute walk to all Rail Stations. The principle obstructions are curbs and damaged sections of sidewalk. This project will contribute to the protection and preservation of the environment through a multimodal transportation system. By providing an effective, energy conscious alternative for commuters Light Rail will directly contribute to the a decrease in the carbon emissions as commuters opt to utilize public transit in lieu of their personal automobiles. Providing pedestrian access to light rail stations makes the commuter's decision to use light rail both eco-friendly and convenient. - North-South Corridors, Norfolk, VA	1	CE	done	1	8/3/2010	Yes

12468	Native American Housing Block Grant, Recovery Act	Oneida Rental Energy Efficiency Program - 09-CT-55-49100 OCT 1, 2010-December 31, 2010: The beginning of Phase 2 began as winter began in Northeastern Wisconsin. The weather has slowed our normal summer rehabilitation pace, but we still managed to complete 4 units during the quarter, to include: Mold abatement, siding, windows, basement insulation, ventilation, doors, 4 complete bathroom renovations, and numerous energy efficiency measures completed. The OREEP program worked a total of 5265 hours, for a total of \$73,865.00. Contracting costs were \$90256.00. Material costs were \$212,439. Material costs were high this quarter because I purchase 400 LED fixtures to replace inefficient lighting, and a seamless gutter machine. Staff training is progressing well as I personally train 2 staff members to become electricians and teach energy efficiency measures to the remaining 6 staff members. - Various units within the Oneida Reservation boundaries, Oneida, WI	1	CE	done	1			Yes

12903	Community Development Fund, Recovery Act	Lake Worth CRA NSP-2 Grant - The Lake Worth CRA Consortium applied for and received \$23,237,500 in grant funding from the U.S. Department of Housing and Urban Redevelopment (HUD) on January 14, 2010. This funding is part of the American Recovery and Reinvestment Act of 2009, and is better known as the Neighborhood Stabilization Program (NSP). Funding will be primarily used to purchase, rehabilitate and demolish foreclosed homes within the City of Lake Worth. Some funding will also be available to provide homebuyer counseling, "green" maintenance, financing and subsidy programs for working class individuals. The Consortium consists of 20 community based organizations and local companies. During the past 12 months, the consortium has conducted an overall environmental review of the entire Target Area which encompasses 518 acres. Additionally, the CRA conducted a public awareness workshop in September to educate residents the actions being conducted. Finally, each parcel (property) purchased with Federal Grant money is given a thorough environmental review (tier II review) and historic preservation review to ensure compliance. 13657	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Footmill Plaza 1 - Footmill Plaza 1 is a 98-unit multi-family and affordable residential property in the North Highlands neighborhood of Sacramento, California. The property is northeast of downtown Sacramento on the south side of Interstate 80 and approximately two miles east of McClellan Air Force base. The property is in an un-incorporated area of Sacramento County with a City of Sacramento address and zip code. This is within an area that has previously attempted to incorporate as Arden-Arcade but this area has also been of interest to the City of Sacramento for annexation. The project was originally constructed in 1972 and underwent significant renovation in 1995/96 as part of an ownership change. In 1972 100 dwelling units were constructed in 11 two-story, wood-framed buildings consisting of three four-plex, five eight-plex, and three sixteen-plex structures. When the current owner acquired the property in 1994/95 a partial renovation was done to correct electrical, mechanical, site, and interior finish deficiencies. During this renovation two 2-bedroom units in Building 9 were converted into a community room and offices. Site improvements included new facade, handicap	1	CE	done	1		5/11/2010	Yes	
13658	Green Retrofit Program (Grants) for Multifam Housing - Recov Act	Riverview Apartments - Riverview Apartments is a multi-family project located Avon, Colorado. The project was constructed and occupied in 1979. The property contains five, three story residential buildings with a total of 74 two- and three-bedroom residential units, two of which are used as the leasing office and maintenance area. According to the information provided, the total net rentable square footage is 65,832. The unit measurements taken by Marx Okubo calculated a net interior square footage of 62,096. Site amenities include outdoor seating, a barbeque area and a playground area. - 39169 US Highway 6 and 24, Avon, CO	1	CE	done	1		4/5/2010	Yes

13778	Community Development Fund, Recovery Act	Crisp Avenue bridge - The Crisp Avenue bridge was destroyed by flooding. The proposed project involves stream bank restoration of Lindy Creek and the replacement of the structure which carries Crisp Avenue over Lindy Creek in the City of Scranton. The culvert replacement project will also include reconstruction of the approach roadways to the structure. The project site is located in the 200 block of Crisp Avenue between the intersections of Division Street and Frink Street. There are no buildings within the project area. The project will impact approximately 3400 Square Feet of stream area. Pursuant to FEMA FIRM map #420538 0010B, effective 8/15/1980 the project site is located within Zone A1. The stream bank restoration project will widen and deepen the existing channel extending approximately 1,000 feet upstream. The excavated side slopes of the stream will be lined with permanent erosion control matting. Additionally, approximately 60 feet upstream of the culvert the stream channel will be regraded and lined with rock riprap. The total project cost is approx. 280,000.00 dollars Project plans, an Erosion & Sediment Control Plan (11/2009), DEP letter 4/22/2010 creating a	1	EA	done	1	1/12/2011	Yes

13834	Community Development Fund, Recovery Act	Wt. Pleasant Corporate Center - The proposed Mount Pleasant Corporate Center project envisions the development of 23-acre industrial site historically associated with deep and strip mining of anthracite coal. The property offers an exceptional opportunity to transform wasted and non-productive industrial land. It is intended that this new road will be dedicated to the City of Scranton and consequently, will be designed to the City's specifications. Storm water will be collected along the roadway via dedicated inlets and subsurface piping. The storm water will be temporarily held on-site in a subsurface detention system and will be released at a controlled rate into the existing and adjacent PennDOT drainage system. It is intended that the storm water collection and detention system will be dedicated to the City of Scranton. Water and Sewer A proposed 84 ductile iron pipe (DIP) and associated valves, fire hydrants and appurtenances will be constructed along the roadway for domestic water service. This water system will be connected to the 204 water main owned by Pennsylvania American Water Company (PAWC) in West Linden Street. The total domestic water consumption is estimated	1	EA	done	1		7/28/2008	Yes	

13835	Community Development Fund, Recovery Act	Reconstruction of Roads and Handicap Curbcuts - \$300,000.00 of CDBG-R funds will be incorporated with the City of Scranton's successful Reconstruction of Road Program. The funds will be used on Reconstruction of Roads and Handicap Curb Cuts of city streets in Scranton, Pennsylvania. 100% of this funding will be expended in an approximate twenty-two (22) block radius only in low to moderate income areas that will benefit approximately 3,000 families. No other funding will be used on this activity. Scranton will proceed to following the proper bidding procedures that includes advertising in the local newspaper Legal Ad for competitive bidding, Spec Book, Davis Bacon Requirements, mandatory pre-bid requirement, and meet other requirements of Title XII of Division A and Section 1602 of ARRA. This project preserves and creates jobs and promotes economic recovery by providing job opportunities for a wide range of areas including Engineers, City/State/Private Inspectors, contracting companies, truck drivers, and heavy construction works, etc. This project will assist those most impacted by the recession by providing a significant physical improvement to	1	CE	done	1	1/1/2011	Yes

14103	Native American Housing Block Grant, Recovery Act	Oneida Tribe of Indians of Wisconsin Amendment Grant - The 32 home stimulus grant for April 1, 2011 to June 30, 2011 worked on five units and are currently finishing on one. The units work consist of insulating with foam; windows, doors, box sills, interior basement walls. We foam all of the penetrations in the attic to separate the attic from the living areas of the units. Changing bathroom fans and ducting them to the outside, changing range hood fans and ducting them to the outside. We have been starting to add dehumidifiers to the basements of each unit also. Light bulbs are being changed to energy efficient bulbs. Energy efficient shower heads are being installed also. We also change the smoke alarm to a carbon monoxide smoke alarm combo throughout the house if it has not already been done. We also had stoves and refrigerators changed in the 32 units during this period. With the work listed above we have 28 out of the 32 homes completed. In the three months we have 1642 man hours out which totals \$29,998.66 in payroll and \$32,736.60 in materials and supplies. 14128	Public Housing Capital Fund, Recovery Act	Elevators - Project included complete upgrades on 2 elevators in a senior building. Activities included replacing single bottom cylinders in 1 elevator, replacing door equipments on both elevators. Upgrading the starters and motor on one elevator. And remodeling the cars on both elevators. The work included jack hammering, drilling, and deepening the existing elevator hole as needed and required. An Architectural and Engineering (A & E) firm was hired to assist us with this project. Specifications were made. Scope of work was developed. Project was awarded on 2/23/2010. Precon was held on 3/11/2010. Project started on 3/30/2010. The first elevator drilling ran into the problem of hole caving in. Had to issue a change order for the additional works due to the collapsing of the hole (\$17,825) Drilling is now complete, piston and jack are in, slurry backfilling is complete. Doors equipments are also complete on both elevators. Both elevator cars were rehabilitated. There were also a change order for \$18,560 for waste removal and swirl work on the stainless steel split between this project site (801 South C Street) and another site (401 South C Street) as part of the same contract.	1	CE	done	1	6/18/2009	Yes

14130	Community Development Fund, Recovery Act	Lake Worth CRA NSP-z Consortium - The Lake Worth CRA Consortium applied for and received \$23,237,500 in grant funding from the U.S. Department of Housing and Urban Redevelopment (HUD) on January 14, 2010. This funding is part of the American Recovery and Reinvestment Act of 2009, and is better known as the Neighborhood Stabilization Program (NSP). Funding will be primarily used to purchase, rehabilitate and demolish foreclosed homes within the City of Lake Worth. Some funding will also be available to provide homebuyer counseling, "green" maintenance, financing and subsidy programs for working class individuals. The Consortium consists of 20 community based organizations and local companies. During the past year, the consortium has conducted an overall environmental review of the entire Target Area which encompasses 518 acres. The CRA received environmental clearance by HUD in July 2010. Additionally, the CRA conducted a public awareness workshop in September 2010 to educate residents the actions being conducted. Finally, each parcel (property) purchased with Federal Grant money is given an additional thorough environmental review and	1	EA	done	1	7/6/2011	Yes

14296	Community Development Fund, Recovery Act	Demolition- DNS - This program will be used to demolish structures representing the properties most severely blighted and detrimental to neighborhood stability. - 2870-74 N. 27th St, Milwaukee, WI	1	CE	done	1		8/4/2010	Yes	
14297	Community Development Fund, Recovery Act	Demolition- DNS - This program will be used to demolish structures representing the properties most severely blighted and detrimental to neighborhood stability. - 2854 N. 6th St, Milwaukee, WI	1	CE	done	1		8/4/2010	Yes	
14298	Native American Housing Block Grant, Recovery Act	Handicap Accessibility - Install Handicap ramps for accessibility. Window unit for energy efficiency. - 214 E. St. Louis, Wetumka, OK	1	CE	done	1			Yes	

14299	Native American Housing Block Grant, Recovery Act	Oneida Rental Energy Efficiency Program - January 1, 2011-March 31 2011: The winter months and several snow storms slowed our progress. We were limited to performing interior work activities only, but completed 75% of the work on the next 21 homes this quarter. The weather is transitioning to spring/summer so I scheduled the exterior work activities for these homes beginning April 11, 2011, with the completion of these 21 homes by May 27, 2011. I am pleased to report that one trainee has accepted a full time position with higher pay in another department. I will be hiring and training two more trainees in the near future. The OREEP crew worked 4015.75 hours this quarter. The total labor cost including OREEP and subcontracts was \$145,958.35. The total material/equipment/supply cost for this quarter was \$163,198.67. Material cost insudes major purchases of Energy Auditor tools and equipment, 420 squares of metal roofing, lumber, flooring, and other materials needed for this construction season. - Oneida Nation Reservation, Oneida, WI	1	CE	done	1		Yes	
14300	Community Development Fund, Recovery Act	Home Buyer Assistance - DCD - This activity will provide soft second mortgages financing to owner occupant purchasers of foreclosed homes. - 3378 N. 40th Street, Milwaukee, WI	1	CE	done	1		8/23/2011	Yes
14301	Community Development Fund, Recovery Act	Rental Development - Large Projects - DCD - This activity will involve large scale acquisition through bulk purchase of abandoned and foreclosed properties. Properties may include multifamily and scattered site single family and duplex properties. NSP funds will be used to provide gap financing for development and will leverage other funding sources, including low income housing tax credits, private mortgage financing and developer equity. - 924-44 N. 25th St., Milwaukee, WI	1	CE	done	1		10/26/2010	Yes
14302	Community Development Fund, Recovery Act	Exempt - Historic Renovation of the Elizabeth Free Public Library 11 South Broad Street Elizabeth, NJ 07201 The money is being used to renovate the exterior of the main library located at a focal point of the shopping district in the center of the city. The work includes tuck pointing and re-pointing of the brick, terra cotta fabrication, replication and installation, limestone repair and replacement, roofing demolition and installation, slate roof installation, painting, caulking removal and replacement, granite removal and reinstallation. The exterior renovation will address the issues of wear and tear on the outside of the building and stop infiltration of water inside the building, which has caused interior damage. The project has provided work on a consistent basis for masons, roofer and laborers. - 11 South Broad Street, Elizabeth, NJ	1	CE	done	1		Yes	
14303	Community Development Fund, Recovery Act	Rental Development - Large Projects - DCD - This activity will involve large scale acquisition through bulk purchase of abandoned and foreclosed properties. Properties may include multifamily and scattered site single family and duplex properties. NSP funds will be used to provide gap financing for development and will leverage other funding sources, including low income housing tax credits, private mortgage financing and developer equity. - 2745 N. 8th St., Milwaukee, WI	1	CE	done	1		4/14/2011	Yes
14304	Community Development Fund, Recovery Act	Solabella Apartments - This project involves the acquisition of a multifamily development that was started but never completed. The existing building will be demolished and 92 new units of housing will be constructed. - 17387 NW 7th Avenue, Miami Gardens, FL	1	EA	done	1		5/24/2011	Yes

14305	Community Development Fund, Recovery Act	Camden Rehab 2 - CRA proposes the rehabilitation of thirteen existing single family houses on Berkely St, Chamber St Washington St, New St, Royden St, Benson St and Trenton St, Camden, NJ. - Scattered, Camden, NJ	1	CE	done	1		5/25/2011	Yes	
14306	Community Development Fund, Recovery Act	Demolition- DNS - This program will be used to demolish structures representing the properties most severely blighted and detrimental to neighborhood stability. - 3007 N. Teutonia Ave, Milwaukee, WI	1	CE	done	1		12/8/2010	Yes	
14307	Community Development Fund, Recovery Act	Demolition- DNS - This program will be used to demolish structures representing the properties most severely blighted and detrimental to neighborhood stability. - 1821 W. Locust St., Milwaukee, WI	1	CE	done	1		12/8/2010	Yes	
14308	Community Development Fund, Recovery Act	Greenwich CDBG-R Sidewalk Reconstruction Project - The Town will utilize the full CDBG-R funding of \$251,004 to support the Sidewalk Reconstruction Project at Hamilton Avenue in the Byram Area. The existing sidewalk including curbing, driveway entrances and corners at Hamilton Avenue from the entrance to Armstrong Court (including Booth Place) to St. Roch's Avenue is in poor condition. The Town is proposing to use the CDBG-R funds to completely reconstruct the sidewalk area, which is approximately 2600 linear feet. The estimated cost is about \$110/ft for a total estimated project cost of \$286,000. This proposed project maximizes economic benefits by investing the CDBG-R funds in infrastructure (sidewalk) that will provide long-term economic benefits. - Hamilton Ave, Greenwich, CT	1	CE	done	1			Yes	
14309	Community Development Fund, Recovery Act	Somerset Home TDC - Solar Panel Installation - This project involves the installation of solar panels - and all the accompanying components - on the roof of Brahma House, a sixteen-bed facility that provides emergency youth shelter and group home services to approximately 100 youth annually. - 49 Brahma Avenue, Bridgewater, NJ	1	CE	done	1		8/17/2005	Yes	
14310	Community Development Fund, Recovery Act	Parcel A - 1800 Kirk Street - Acquisition of a vacant, former-school property, and construction of up to 70 single-family homes. - 1800 Kirk Street, Pensacola, FL	1	EA	done	1		6/1/2011	Yes	
14311	Community Development Fund, Recovery Act	TA# 6976 Region VI - Acquisition, minor rehabilitation, and disposition of foreclosed single family home. - 4516 Loma Canada Ct., El Paso, TX	1	CE	done	1		5/25/2011	Yes	
14312	Community Development Fund, Recovery Act	TA# 7027 Region VI - Acquisition, minor rehabilitation, and disposition of foreclosed single family home. - 12161 Yvonne Richardson, El Paso, TX	1	CE	done	1		5/25/2011	Yes	
14313	Community Development Fund, Recovery Act	TA# 7087 Region VI - Acquisition, minor rehabilitation, and disposition of foreclosed single family home. - 11340 Rising Star Ct., El Paso, TX	1	CE	done	1		5/25/2011	Yes	
14314	Community Development Fund, Recovery Act	TA# 6525 Region VI - Acquisition, minor rehabilitation, and disposition of foreclosed single family home. - 14624 Canario, Horizon City, TX	1	CE	done	1		5/25/2011	Yes	
14315	Community Development Fund, Recovery Act	TA# 7235 Region VI - Acquisition, minor rehabilitation, and disposition of foreclosed single family home. - 14080 Robert Ituarte, El Paso, TX	1	CE	done	1		5/31/2011	Yes	
14316	Community Development Fund, Recovery Act	TA# 7154 Region VI - Acquisition, minor rehabilitation, and disposition of foreclosed single family home. - 275 Elsworth Dr., Horizon City, TX	1	CE	done	1		5/31/2011	Yes	

14317	Community Development Fund, Recovery Act	Village of Webster Library - The Village of Webster received financial assistance to enlarge the existing library. This is one of three libraries in Burnett County serving 8,700 people. The project includes the acquisition and renovation of a vacant former automobile dealership located on the corner of Main Street and STH 35 in the Village. This new library will be the anchor of Webster's Main Street and it will assist the Village in its downtown revitalization efforts. In 2005, Webster invested \$550,000 in the revitalization of Main Street, including new sidewalks, street reconstruction, and new decorative street lights. It is not cost effective to renovate the existing two-story, 3,000-sq.ft. non-handicapped accessible building (donated by a local bank in 1991); and as of this time, the Village isn't sure what it will do with the existing library building. - 7451 Main Street, Webster, WI	1	EA	done	1	3/16/2010	Yes	
14318	Community Development Fund, Recovery Act	Downtown Business District Sidewalk Rehabilitation Project - This project includes removal of existing curbs & gutters, sidewalks, driveways, asphalt and trees and installing new curbs & sidewalks, ADA accessible sidewalk ramps, tree grates, trees and minor asphalt paving. Work is located between Broadway and Milwaukee on 2nd Street - 2nd Street between Broadway and Milwaukee, Mount Vernon, WA	1	CE	done	1	8/27/2010	Yes	
14319	Community Development Fund, Recovery Act	Nekoosa Senior Center - The City of Nekoosa received grant assistance to construct a new senior center. The new facility will address several issues such as the lack of space for food services and senior activities, programs, and poor accessibility for seniors with disabilities in the church currently utilized for the senior meals program. Senior activities are scattered throughout the City -- a church, a one-room school house, and the City library. - 416 Creatview Lane, Nekoosa, WI	1	EA	done	1	9/25/2009	Yes	
14320	Community Development Fund, Recovery Act	Library Project - The Village of Necedah received a grant to construct a 7,300-sq.ft.-library facility. The present 1,610-sq.ft.-building is over 90 years old and is not cost efficient to repair. The foundation needs to be stabilized as the building is settling, support joists are cracking, the failing bricks are porous and allow water to leak into the building, and it not energy efficient, causing high heat bills. This project is part of the development of Necedah's 2008 Smart Growth Comprehensive Plan. - 217 Oak Grove Drive, Village of Necedah, WI	1	EA	done	1	1/6/2010	Yes	
14321	Community Development Fund, Recovery Act	Flow Equalization Facility - The City of Menomonie received assistance to upgrade and expand the City's treatment works flow equalization facility and repair the building that houses the tanks. Additional wastewater storage capacity and monitoring at the equalization facility is needed for ConAgra (Swiss Miss) to expand. Original storage tanks had the ability to hold 400,000 gallons of wastewater and the expansion allows each tank to hold an additional 100,000 gallons of wastewater. - 102 River Rd, Menomonie, WI	1	EA	done	1	10/21/2009	Yes	

14322	Community Development Fund, Recovery Act	Adult Development Center - The Village of Milltown received financial support to construct a new Polk County Adult Development Center (PCADC) in its industrial park. The new building will be used for the production of wild birdseed mixes, two greenhouses (one for wholesale accounts, and one for public access for retail sales), and a retail store. The PCADC is a nonprofit state certified community rehabilitation program for adults with disabilities and currently provides programs and paid work experiences for 70 clients with mental and physical disabilities. The new facility will provide employment for 45 additional clients. Two major wholesale accounts are Dick's Fresh Markets and Flowers Forever. - 125 Industrial Ave, Village of Milltown, WI	1	EA	done	1		11/11/2009	Yes	
14323	Community Development Fund, Recovery Act	Downtown Riverfront Redevelopment - The City of Chippewa Falls received funding to continue with improvements to the City. The City has spent the last 30 years improving the area with land acquisition, infrastructure replacement, loans for building renovations, Brownfield renovation, and rerouting the sewer and wastewater collection away from the downtown area. Many properties are still blighted along Riverfront, River, and Bridge streets (which is where this downtown Riverfront Redevelopment project is located). The City declared this area a Slum and Blight TIF district to provide a financing mechanism for these improvements, but the costs far exceeds the ability of the TIF district to generate revenue. - 1 South Bridge St, 12 North Bridge St, River Street, Bay Street, Main Street, Chippewa Falls, WI	1	EA	done	1		2/22/2010	Yes	
14324	Community Development Fund, Recovery Act	Lauri Jean Zach Center - Ashland County received a grant on behalf of the Lauri Jean Zach Center (LJZ). LJZ is split into two functions: one-half employees adults with developmental disabilities to refurbish and repair wood furniture, and to further education; and the other half is a senior center that serves four Townships in the area. The senior center serves up to 100 meals a day and 20 people use the other portion of the building. The building needs a new roof, furnace/air conditioner, windows, doors, electrical upgrade, sidewalks, and a parking lot. Because there is just enough funding to provide for the needs of the developmentally disabled clients of the LJZ along with paying the basic operating expenses of lights, heat, and snow removal, along with minimal staff salaries, there is no money left for repairs. - 657 York Rd, Glidden, WI	1	CE	done	1			Yes	
14325	Community Development Fund, Recovery Act	NEIGHBORHOOD ENHANCEMENTS-DEMOLITION - Funds used to remove dilapidated structures causing slum and blighted conditions from predominately low to moderate-income areas identified as Suburban Hills, Suburban Acres I, Suburban Acres 2/Valley View and Carriage Trails. This project shall be done to protect the public from a public hazard. Only properties deemed to be a public hazard and considered in substandard condition, not occupiable, and not suitable for rehabilitation will be address under this program. - 175 E 2ND ST, SUITE 580 (CITY WIDE), TULSA, OK	1	CE	done	1		8/26/2010	Yes	
14326	Native American Housing Block Grant, Recovery Act	Mark Willard - Rehab kitchen to make more ADA accessible, Moved washer & dryer together into a new closet - 716 N 200 E, Brigham City, UT	1	CE	done	1		4/1/2011	Yes	

14327	Home Investment Partnership Program, Recovery Act	Liberty Peak - New Construction of 152 units in Summit County - Approx 6800 N 2200 W, Summit County, UT	1	CE	done	1		10/21/2010	Yes	
14328	Community Development Fund, Recovery Act	NSP2 Environmental Review - Acquisition and minor rehabilitation of a single family residence located at 7372 Matisse Ct., Sun Valley, Nevada, APN 508-452-29 - 7372 Matisse Ct., Sun Valley, NV	1	CE	done	1		1/5/2011	Yes	
14329	Community Development Fund, Recovery Act	Water and Energy Conservation - Eden Housing - Installation of water savings devices and energy savings devices at 100 units of low income housing family complexes. - 990 Ely Road and 909 Martin Circle, Petaluma, CA	1	CE	done	1			Yes	
14330	Public Housing Capital Fund, Recovery Act	Allston Bath Rehab - Rehabilitation of baths - 22 Allston Street, West Medford, MA	1	CE	done	1			Yes

14375	Community Development Fund, Recovery Act	TA# 7122 Region VIII Tier 1 Environmental Review - Census Tracts: 96.06 and 95.01. CRHDC will carry out a 2-level program: 1. Acquisition/rehab/resale, and 2. Acquisition, rehab/lease-to own. Detailed description: Acquisition and rehab of existing vacant foreclosed residential properties for sale to LMMI households. Providing financing mechanisms for LLMH households to purchase foreclosed properties. Providing homebuyer and financial education to LMMH households who are going to purchase foreclosed properties. The lease-to-own solution is the Lean, Earn, Own (LEO) program (that provides a means by which the family earns a larger down payment through sweat equity). Under either level, CRHDC gets both an as is appraisal and an appraisal that projects the future home value after rehab. This helps CRHDC ensure that the home will be able to be financed by the homeowner after rehab. CRHDC's rural	1	EA	done	1	5/13/2011	Yes

14801	Community Development Fund, Recovery Act	Marion Luther King Jr Park Drainage - The purpose of the project is to restore the portion of Rocky Branch that flow through MLK Park to a natural functioning stream channel. The project will restore stable stream banks along approximately 900 linear feet (LF) of the stream within the park, and provide a riparian buffer for the improvement of stream function. The riparian buffer will establish a maintained vegetated area on either side of the stream throughout the park. This buffer will help maintain the future health and stability of the stream. By implementing a natural channel design on Rocky Branch, flooding in down stream areas will be reduced, water quality will improve with reduced sediment loading and nutrient reduction, and aquatic habitat will be restored. Furthermore, culverted sections of Rocky Branch under the community center parking lot within the park are deteriorating. Stream restoration plans propose to restore approx. 940 lf of culverted stream channel by rerouting the stream around the parking lot, removing the culverts, and restoring the parking lot. The park consists of open grassed area with scattered mature trees in the southwest portion. A community center and	1	EA	done	1		5/28/2007	Yes

15123	Community Development Fund, Recovery Act	River Avenue storm drain improvements - Activity Description: As a result of several flooding incidents that have impacted residents on Arlington Avenue including damaging homes and vehicles, the City of Long Beach contracted with the Los Angeles County Department of Public Works, Storm Drain Division, to conduct a drainage study of the area. The report prepared in 2007 concluded that the 60 inch storm drain pipe that collects storm water from the Arlington Street area as well as the adjoining Southern California Edison Company property and carries these storm water flows to the Dominguez Channel is undersized, providing less than a 5 year protection level. The proposed project to bring the flood protection in this area to a full 10 year protection level consists of the construction of a parallel storm drain system on River Avenue just north of Arlington Street connected to an underground storage (detention) basin on the SCE property that would temporarily hold two acre feet of storm water during heavy flows and then release them as the storm abates and the downstream pipe is no longer flowing full. The project consists of the following elements: ~~3) Construction of 1021 feet of 48 inch reinforced~~	1	EA	done	1		10/21/2009	Yes

15210	Community Development Fund, Recovery Act	Route 10 East Traffic Safety - Route 10 East is a major thoroughfare on the eastern portion of the City of Hopewell. There is a five (5) way intersection at Route 10 and North Main Street. Several accidents have occurred at this intersection as motorists with a green light at East Cawson are making a left hand turn onto Route 10. After turning motorist encounter a red light at Route 10 and come to an abrupt stop assuming this light as their signal also. The City is requesting to purchase three (3) light extenders to place on the traffic signals at Route 10 and South Main Street. Light extenders would shield the traffic lights (color) on Route 10 from motorist on East Cawson, thereby decreasing the safety hazard at this intersection. - Intersection of North Main and Randolph Road, City of Hopewell, VA	1	CE	done	1		Yes
